**PRELIMINARY AMENDMENT**

Dear Sir:

Before examining the referenced application on its merits, please amend the application as indicated below:

In the Claims

Please cancel claims 1-22, and please add the following new claims:

23. (New) A system for monitoring data flow in a web application hosted on a server, comprising:  
a data collector which intercepts a HTTP request coming into the server and a HTTP response leaving the server in order to collect data passed between components of the web application; and  
a graphical display which displays the collected data.

24. (New) The system of claim 23, wherein the collected data comprises one selected from the group consisting of data contained in the HTTP request, data contained in the HTTP response, properties of a dynamic component invoked by the server to process the HTTP request, data contained in a cookie associated with the HTTP request, data contained in a cookie associated with the HTTP response, and combinations thereof.

25. (New) The system of claim 24, wherein the collected data further comprises properties of a HTTP session associated with the HTTP request.
